Life altering motor vehicle accidents occur daily

Did you know?

- More people have died on Canada's roads in the last 50 years than the number of Canadians killed in two world wars.
- For every person killed, injured or disabled in a motor vehicle accident, there are countless others who are affected. Many families must cope with financial difficulties caused by the cost of prolonged medical care, the loss of a family breadwinner or the extra funds needed to care for a person with disabilities.
- Collisions are a leading cause of premature death and long-term disability for young drivers.¹
