Profile Selector

The Profile Selector is a tool designed to help you:

- Determine what type of investor you are
- Decide how to diversify your portfolio across various asset categories to match your investor profile
- Build a portfolio of Beneva products that fits your profile, with the right level of diversification and balance for you

beneva

Asset Allocations Based on Investor Profile

Conservative profile (0-21 points)

What matters to you most is preserving your capital. You look primarily for investments that provide a regular income and preserve your capital.

Asset Category	%
■ Fixed Income	<u>75</u>
■ Equity	<u>25</u>

Beneva Investment Accounts	%
Conservative Profile (AGF) or Conservative Profile (Dynamic)	<u>100</u>

Moderate Profile (22 to 35 points)

You wish to grow your capital and can tolerate a moderate level of market volatility. You are willing to accept slight fluctuations in your investment returns.

Asset Category	%
■ Fixed Income	<u>60</u>
■ Equity	<u>40</u>

Beneva Investment Accounts	%
Moderate Profile (AGF) or Moderate Profile (Dynamic)	<u>100</u>

Balanced Profile (36 to 55 points)

You want an investment that offers a balance of income and growth. You are looking for long- and medium-term capital appreciation.

Asset Category	%
■ Fixed Income	<u>40</u>
■ Equity	<u>60</u>

Beneva Investment Accounts	%
Balanced Profile (AGF) or Balanced Profile (Dynamic)	<u>100</u>

Growth Profile (56 to 75 points)

You are looking for better-than-average growth. You are prepared to tolerate a high level of risk for higher potential returns.

Asset Category	%
■ Fixed Income	<u>25</u>
■ Equity	<u>75</u>

Beneva Investment Accounts	%
Growth Profile (AGF) or Growth Profile (Dynamic)	<u>100</u>

Aggressive Profile (76 points and above)

You are comfortable with riskier investments and are not easily fazed by fluctuations in your portfolio. You are prepared to expose your portfolio to market fluctuations in exchange for potentially higher returns.

Asset Category	%
■ Fixed Income	<u>10</u>
■ Equity	<u>90</u>

Beneva Investment Accounts	%
Aggressive Profile (AGF) or Aggressive Profile (Dynamic)	<u>100</u>

Your investor profile

Do you know your investor profile? To find out, just answer a few simple questions below about your goals, your tolerance to risk, your investment horizon and knowledge and your overall financial situation. Add up your questionnaire score with your financial security advisor. This will show you your investor profile.

Questions about the investment horizon

1. What is your investment time frame?

- A- Less than 3 years D- 10 to 20 years
 B- 3 to 5 years E- 20 years or more
 C- 5 to 10 years

Questions about the financial situation

2. What is your gross annual income (before taxes)?

- A- \$25,000 or less D- \$75,001 to \$100,000
 B- \$25,001 to \$50,000 E- \$100,001 or more
 C- \$50,001 to \$75,000

3. What is your net worth (assets minus liabilities)?

- A- \$25,000 or less D- \$100,001 to \$200,000
 B- \$25,001 to \$50,000 E- \$200,001 or more
 C- \$50,001 to \$100,000

Questions about investment knowledge

4- What is your knowledge of investments?

- A- **No knowledge.**
 B- **Limited:** I know the basic characteristics of the different savings and investment products.
 C- **Good:** I know the different types of investments and I understand that stocks are more risky than bonds.
 D- **Excellent:** I follow stock markets and I am very well versed in stocks, bonds and mutual funds.

Questions about investment goals

5- What is your primary investment goal?

- A- **Security:** Protecting my capital is most important to me.
 B- **Income:** I would like to earn income from this investment.
 C- **Balance:** I am looking for an investment that offers a balance of income and growth.
 D- **Growth:** I want my capital to grow.
 E- **Maximum growth:** I want to focus on long-term growth and I am prepared to expose my portfolio to market fluctuations in exchange for higher returns.

Questions about risk tolerance

6- How would you describe your tolerance to risk when it comes to investing your money?

- A- **Low:** I don't want my capital to fluctuate with the ups and downs of the financial markets.
 B- **Low to medium:** I would prefer my capital to be stable but I am willing to accept a certain degree of risk in the hope of obtaining better returns in the long term.
 C- **Medium:** To take advantage of the potential for growth that certain products offer, I accept that the value of my investments will fluctuate up or down.
 D- **Medium to high:** I want to maximize my long-term returns and I understand that the amounts I invest may substantially fluctuate up or down.
 E- **High:** To take full advantage of the highest potential returns, I am willing to accept that my investments may suffer significant losses that I may not be able to recover.

7. If one of your investments dropped by 20% within 6 to 9 months, what would you do?

- A- I would sell the whole investment to avoid further market fluctuations.
 B- I would sell a portion of the investment.
 C- I would hold on to the investment and hope market returns go back up.
 D- I would invest further in this investment while the value is low.

8. Here is the best and worst return for each of the following portfolios during a given year. Which portfolio would you choose?

How to calculate the score of the Investor Profile questionnaire

Give yourself the following score based on your answer:

Question #	A	B	C	D	E
1	0	2	6	10	15
2	0	2	6	10	15
3	0	2	6	10	15
4	0	4	6	10	-
5	0	2	6	10	15
6	0	2	6	10	15
7	0	4	6	10	-
8	0	3	5	-	-

When it comes to savings and investments, we have the solution for you!

Investment accounts

- **Stimulate your savings portfolio**
- **Diversify your portfolio on a global scale**
- **Provide long-term capital growth potential**

Beneva investment accounts are similar to mutual funds. Beneva offers a wide range of investment accounts in six main asset categories:

- Fixed income
- Balanced
- Canadian equity
- American and international equity
- AGF Portfolios
- Dynamic Portfolios

Amounts invested in these accounts are not guaranteed, except in the event of the death of the contractholder.

- Long-term capital growth potential and investments tailored to your investor profile
- Increased diversification **thanks to a wide array of securities, asset categories and sectors**
- Competitive management fees
- **Potential for unlimited returns**
- A secure investment:
 - Capital 100% guaranteed in the event of death¹
 - Contributions covered by Assuris up to \$100,000 per client
- Redeemable^{1,2}
- No taxation during the accumulation phase
- Automatic rebalancing for portfolio accounts

MAX GIC

- Select product for investment amounts over \$25,000.
- Investment amounts over \$25,000
- Terms of 1 to 5 years, non-redeemable
- Capital and returns guaranteed at maturity and in the event of death
- No transfer fees
- No closing fees
- What makes it unique: Competitive rates

Equity Index GIC

- **Provide security for more aggressive portfolios**
- **Help stimulate more conservative portfolios**
- Offers higher potential returns than traditional GICs, while providing a death and maturity guarantee³
- A range of indexes **available**
- Returns tied in part to an index: market indexes, actively managed indexes
- Available outside an RRSP **with taxation deferred to maturity**
- Redeemable^{1,2}

Traditional GIC

- **Provide security for your investment portfolio**
- **Help stabilize portfolio returns**
- This solution guarantees you competitive returns. Choose your term from 1 to 10 years. The longer the term you choose, the higher your return will be!
- Capital and returns 100% guaranteed at maturity and on death
- Competitive rates
- Choice of terms available
- Redeemable^{1,2}

beneva
